

Refresh your soil again by our Natural Organics

Specialcare® HUMIC ACID FORT

Humic acid is naturally product in addition to the trace elements

Specialcare®FORT Humic acid Products care about soil properties to increase other fertilizers efficiency, in addition to the trace elements content that helps in getting the energy of the plant, **Specialcare®**FORT Humic acid acid is free of chloride, sodium and heavy metals

ADFERT offers a complete range of specialized fertilizers, high purity and quality products guaranteed by full cooperating and supporting by the biggest global fertilizers producers in the world, the range of ADFERT specialized humic acid fertilizers consist of:

Specialcare®FORT Humic acid 85% powder

Specialcare®FORT Humic acid 15% liquid

Specialcare®FORT Humic acid 12% liquid

To make the plant nutrition optimum for all growth stages

Specialcare®**FORT** Humic acid benefits

Specialcare®FORT Humic acid Increases Nutrients Availability:

Promotes the conversion of a number of essential plant nutrients into available forms by chelating with the nutrients

Specialcare®FORT Humic acid Promotes Nutrient Uptake:

Humic acid and Its derivatives by small amounts will increase the permeability of cell membranes and hence promote the uptake of nutrients by plants

Specialcare®FORT Humic acid Increases Water Hold Capacity:

The colloidal nature of humic acid allows to absorb a large quantity of water molecules and hence increases the soil water holding capacity.

Specialcare®FORT Humic acid improves soil physical properties:

Humic acid increase soil particle aggregation, increase soil aeration and workability, as well as better water movement.

Specialcare®**FORT** Humic acid Liquid composition

NPK Formula	Guaranteed value						
	Humic Acid	Iron (Fe)	Copper (Cu)	Zinc (Zn)	Manganese (Mn)	Boron (B)	Molybdenum (Mo)
Humic Acid 12%	12*	1000	250	500	500	50	10
Humic Acid 15%	15*	1000	250	500	500	50	10

* base on dry base

Specialcare®**FORT** Humic acid powder composition

Formula	Humic Acid	Potassium Oxide	Trace Elements
%*	85%	14%	0.06%

* base on dry base

Recommendation for uses

Specialcare®FORT Humic acid 85% for fertigation , it is humic acid powder extraction was manufactured from the most pure natural resources.

Vegetables and crops 1-2 kg/ ha
Fruit trees 20-25gm/ tree
Palms 30-50gm/tree

Soil Application: 15 - 30 liter/ ha
Intense growing areas 30-40 liter/ ha

Specialcare®FORT Humic acid can use with any Type spray applicator, or through fertigation system. May be mixed with other products.

- Greenhouses: 20-40 liter / ha
- Vegetables: 10-15 liter / ha
- Open field Crops: 5-10 liter / ha

Packing

Available in 1,5 and 20L well closed plastic Packages.
